# Helping Bangladeshi students reach their dreams.

UAC (University Admission Care) was founded by educators who were tired of watching bright students lose admission because of unclear guidance and impersonal coaching. We built a place where every student matters — where questions are welcomed, mistakes are learning opportunities, and success is celebrated together.

## What we stand for

Four values shape every UAC class, mock test, and one-on-one session.

### Student First

Every decision is made asking one question: "Is this actually better for the student?"

### Results Focused

Classes aim at specific outcomes. No wandering, no wasted time.

### Community

Learning with peers who push each other is the fastest way to grow.

### Honest & Affordable

Clear pricing, no hidden costs. Quality coaching that families can trust.
